THE HIGH SCHOOL

Opened Yesterday With Interesting and Appropriate Exercises.

THE ENROLLMENT REACHES 257.

AND IT IS EXPECTED 300 PUPILS WILL ATTEND THE SCHOOL BEFORE LONG — THE OPENING CEREMONIES WERE NOTABLE IN EDUCATIONAL CIRCLES—ADDRESSES BY MANY MEMBERS OF THE BOARD OF EDUCATION.

The high school was opened yesterday morning. It was made the occasion for the carrying out of a programme of interesting and appropriate exercises, participated in by all in any manner connected with the institution, and the interest shown in the opening augurs well for the school's future.

The exercises were held in the assembly hall in the presence of nearly all the members of the board of education, the faculty and the school children. The first number on the programme was the chorus singing of "America," all in the chorus joining in the singing. Rev. Dr. McClellan, of the United Presbyterian church, then offered a fervent prayer for the advancement of the school, invoking upon it Divine aid.

After another song the presentation of the key occurred. This was done by Mr. M. P. Glessey, of Frankheim, Glessey & Paris, architects. The key was tastefully decorated with ribbons and flowers and was transferred by Mr. Glessey to President J. A. Jefferson, of the board of education. Mr. Jefferson's response was a splendid effort, in which he said many good things for high school education. He, in turn, presented the key to Superintendent W. H. Anderson, who then gave it to Prof. H. B. Work, principal of the high school. Prof. Work's address, in accepting the key, was thoughtful and eloquent.

This concluded the programme, but brief remarks followed by several members of the board. Dr. J. L. Jepson has been a staunch, tireless advocate of the high school and it was fitting that he should make an address. He spoke briefly and to the point, and his words were full of hope. Following him in order were Messrs. Milligan, Stanton, Noble, Birney, Schaub, Buckman, Hubbard, Dudley, McNaab, Nesbitt, Waterhouse and Kasley, all members of the board of education.

The school commences its active career this morning. All is ready excepting one room, which will be in order very soon. The enrollment yesterday was 257, and the 300 mark is expected to be touched. The enrollment by classes shows: Freshmen, 102; sophomores, 66; junior, 54; senior and irregular, 35; total, 257.

LAST NIGHT'S FIRES.

Some Damage to Belmont Oil Shed. Slight Blaze at Henning's Repairs Shop.

The fire department was called out twice last night. The first alarm was pulled from box 51 about 7:30 o'clock. When the firemen reached the scene of the fire, the Belmont oil shed, the structure resembled a roaring furnace. There were several barrels of oil burned and much of the machinery was damaged. The extent of the fire king's work will probably amount to \$400.

At 9 o'clock there was another call to Ed. Henning's bicycle repair shop on Tenth street, near the suspension bridge. The fire originated in the cellar and did not succeed in spreading. A lot of waste paper in the cellar was burned, but the bicycles escaped with a thorough drenching.

The blaze at the Belmont sheds is thought to have originated from one of the torches used by the employees.

HE STEALS HORSES

For a Livelihood—Sheriff Doyle Offers \$25 Reward for the Scamp.

Another horse thief visited Mounts-ville last Wednesday and stole a valuable horse from R. J. McFadden. The horse was recovered, however, as the thief had sold it to a person living a few miles from Mounts-ville. It is also stated that this thief got to his work at Mounts-ville, Marlinton county, having stolen and sold a pair of horses. Sheriff Doyle, of Marshall county, offers a reward of \$25 for information leading to the arrest of the thief.

The description given of the thief is to the effect that he has a scar on the forehead, one on left cheek, two front teeth missing, one upper and one lower; wore a brown soft hat, light coat, dark pants and vest; stoop shouldered, six feet high, weighing probably 165 pounds; smooth face, short mustache and sandy complexioned.

A FATAL HIT.

Samuel Heybrook Recieves a Blow that Will Prove Fatal.

Samuel Heybrook, a well known resident of North Market street, while working with a gang of men doing ditching for the city on Lind street, met with a fatal accident. He was struck on the head by a 25-pound rock from a blasting, tearing the scalp completely from the head. He was carried to the City hospital, where Drs. Hupp and Sparrow attended him.

About midnight Dr. Hupp stated that it was barely possible that the man would live till morning.

The accident occurred in this way: The men were about to blast a rock. Heybrook was notified to seek shelter, but being at a distance of 114 feet from where the blast was made he did not heed the warning. The stone in its descent struck him squarely on the head. It was a sharp-edged stone and cut deeply into the unfortunate man's head.

Mr. Heybrook is about 37 years of age and has a wife and five children.

Fracturing the Skull.

W. L. Davis, fireman of the Baltimore & Ohio, while leaning out of the cab window, was struck by a falling chunk of coal from the chute, fracturing the skull. He was taken to the North Wheeling hospital. He will probably recover.

A FEW weeks ago the editor was taken with a very severe cold, causing him to be in a most miserable condition. It was undoubtedly a bad case of croup, he took and recognized it as dangerous and immediately steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly. Indeed, it acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form. The Chamberlain of Liberty, Libertytown, Maryland. THE "LEADER" ASSIGNS.

But the Assets are Greater than the Liabilities, However.

The deed of assignment placed on record yesterday in the county clerk's office involving the property and business of H. Emsheimer, known as the "Leader," 1020-1022 Main street, was the absorbing topic of discussion in business circles last evening.

The "Leader" was one of the largest dry goods houses in the city, and as a result there was considerable money invested to keep the business moving. The assignment was for the benefit of all creditors, and they are many. It seems that the Bank of the Ohio Valley has loaned this institution some six or seven years since large sums, aggregating now \$9,000. Other liabilities amounting to \$3,500 are in favor of Henry Speyer for \$3,500; local creditors, \$5,000; outside creditors, \$11,000, and the remaining \$12,000 is in the shape of a mortgage on the building, while the assets are: Stock of goods, nearly \$20,000, and that of the building, lot No. 33, in Highland City, and all other evidences of credit, with the household goods and personal furniture of H. Emsheimer, but with the usual \$200 exemption, \$25,000, making a total of \$46,000.

If the full value is realized the assets will more than over-balance the liabilities.

The store was the property of Hannah Emsheimer, wife of Mr. Emsheimer, who managed the business. Yesterday the Bank of the Ohio Valley brought suit and the assignment was forced.

It was stated that the assets are in excess of the liabilities; it is confidently said that all claims will be settled in full and the business go onward.

The failure is due to the recent general panic which created an inability to realize immediately on the stock.

Samuel Kraft is made assignee.

LATER.

The financial statement regarding the Emsheimer assignment is incorrect. It will be a week before an approximate statement can be made. The liabilities are in the neighborhood of \$40,000 and the assets are supposed to exceed that amount.

THE DAY OF ATONEMENT.

The Day of Atonement began last evening. This day is one of the greatest in the Hebrew calendar, and its observance is strictly adhered to. It is the tenth day after the Hebrew New Year's day. There was a very large congregation present at the synagogue last night and Rabbi Levi delivered a very powerful sermon. The observance of the day will continue until this evening.

CLOTHING—D. GUNDLING & CO.

To Cover Your Nakedness

Is one thing; to be properly dressed is quite another.

How can you be satisfied to wear ordinary ready-made clothes or cheap merchant tailored ones, when you buy bearing this label

made of the very best materials, by expert custom tailors, after the most fashionable models, at about the same price as the former and a great deal less than the latter? Our profit on Stein-Bloch Clothes is not as large as on other makes. They are better and consequently cost more. But we make more in the end, because we sell so much of it; they need no further advertising to a customer who has once worn them.

Test the truth of our assertions. You risk nothing. Your money back if you want it, proves it.
